CUSTOMER PROPOSITION (USP'S)

Take better photos at night: Your night-time photos just got upgraded, thanks to the Nokia 5's phase detection autofocus, wide aperture and dual-tone flash. That's a fancy way of saying that you get great pictures, even in low light.

HD Display: Good-looking photos, natural colour and excellent brightness – fully-laminated 5.2" HD display. What's best, the polarizer makes your content easy to read even in bright sunlight.

Pure, secure and up to date: Nokia 5 comes with Android Nougat, the full spread of Google Services and no unnecessary extras. You get an experience that's focused and clutter-free, getting regular updates is important so you'll always stay on top of features.

Quality to the Core: The latest generation Qualcomm Snapdragon 430 Octacore processor is coupled with 3GB of RAM for all round fast and smooth performance.
